## Cabin Configuration

The cabin layout offers a versatile range of accommodation across two decks, balancing comfort with an authentic maritime experience. Below is a breakdown of the options:

### Deck 1 (with Portholes):

- **Master Cabin:** 1 cabin, with the capacity to sleep 2 or 4 guests. This cabin offers the most space and privacy, ideal for those seeking a premium experience.
- **Double Bed Cabins:** 4 cabins, each accommodating 1 or 2 guests. These cabins provide the comfort of a double bed and a view through the portholes, offering a cosy yet spacious option.
- **Twin Bunk Bed Cabins (Upper and Lower):** 2 cabins, each accommodating 1 or 2 guests. These cabins offer a view through the portholes and feature upper and lower

bunks, maximising space while maintaining a traditional feel. Perfect for guests who are comfortable with a more compact, classic arrangement.

#### **Deck 2 (No Portholes):**

- **Twin Bunk Bed Cabins (Upper and Lower):** 5 cabins, each accommodating 1 or 2 guests. Similar in layout to the twin bunk cabins on Deck 1, these cabins maintain the same practical setup but without portholes. These are ideal for guests who prioritise function and enjoy the traditional bunk bed setup.

#### **Communal Shared Cabins (M or F):**

- **Communal Shared Cabins on Deck 1 and Deck 2:** 3 cabins, each accommodating 4 guests. These communal cabins are designed for those who don't mind sharing, offering a more social and economical option.
- **Communal Shared Cabin on Deck 2:** 1 cabin, accommodating up to 6 guests. This larger communal cabin is perfect for groups or individuals who prefer a more communal sailing experience.

This configuration provides flexibility in terms of comfort, privacy, and cost, ensuring that different preferences and budgets can be catered for across the vessel. The variety of cabins also allows for a mix of couples, solo travellers, and groups.
